Hi Rick,

*Wassmann 5H RC
34-013-2-0970-0000*

I confirmed with Drilling the formation tops are as follow:

Queenston 8,600 – 10,381
Utica 10,381 – 10,436
Point Pleasant 10,436

We inadvertently entered the tops incorrectly on the form.

Please let me know if you need any additional information.

Thanks

Subject: Kruth Unit A 4H

Melissa,

The Form 8 I have for the Kruth Unit A 4H has API # 34-013-2-0915-0000. This is for the 6H. So should I change it? Please clarify this for me.

Thanks,

Rick Cisler
